

OUR STORY

For more than twenty years, second generation vintner sisters, Luisa & Maria Ponzi have maintained an unwavering commitment to the family winery's 45-year acclaimed legacy as a world class Oregon producer.

Dick and Nancy Ponzi founded Ponzi Vineyards in 1970 with a spirit of adventure and a desire to make world class wines that reflect the pristine land of Oregon's lush Willamette Valley.

Ponzi Vineyards continues to set the standard for Pinot noir winemaking with its innovation in gravity flow and gentle handling techniques. Drawing on Old World methodology, Burgundian trained Winemaker Luisa Ponzi crafts wines of distinction and character that reflect the Ponzi signature style. The 30,000 square foot state-of-the-art winemaking facility enables efficiency and a light touch at each stage of production.

The Ponzi family owns and farms 130 acres of certified sustainable Pinot noir, Chardonnay, Pinot gris and other cool climate varieties. All vineyards are located in the Chehalem Mountains AVA in the North Willamette Valley.
